

Client Classification Descriptions and Fees

The Pennsylvania Trauma Systems Foundation has four client categories for the purpose of purchasing data:

- Commercial - any corporation, coalition, association, other organization or individual that requests data to resell or redistribute any of PTSF data or the resultant analysis from the data for a profit. This can include using the data in software products or using the data in analysis for profitable consultation with clients. Examples of commercial clients include software vendors, pharmaceutical companies and healthcare and business consultants.
- Non-Commercial - any corporation, coalition, association, other organization or individual that requests data to use internally for their own purposes and analysis. This can include, but is not limited to hospitals and other health care providers, purchasers, insurers, interest groups, consumers and researchers at non-PTSF accredited hospitals.
- Accredited Trauma Center - any Pennsylvania Trauma Systems Foundation accredited trauma center or hospital currently and actively pursuing accreditation.
- Government - any Pennsylvania State Agency or Association that requests data to use for government-related purposes or trauma prevention.

Fees	Commercial	Non-Commercial	Accredited Trauma Center	Government
Programming Fee per hour	\$100	\$75	Waived	Waived
Data Fee per record/row	\$0.005	\$0.0025	Waived	Waived
