Purpose:

To outline how the Pennsylvania Trauma Systems Foundation (PTSF) Board of Directors (Board) will address concerns raised by hospitals that are not in agreement with the accreditation determination and/or the significant issue(s) cited within the accreditation report.

Procedure:

1. If the institution is not in agreement with the accreditation decision regarding the duration of accreditation or significant issue(s) cited, the hospital may submit a request for reconsideration to the PTSF Executive Director. The electronic and/or written request must:
 - a. Be received within 30-days from the date of the Accreditation Report.
 - b. Contain:
 - i. Cover letter summarizing areas of disagreement.
 - ii. Documents supporting reason(s) for reconsideration
2. The PTSF staff and a subgroup of Board members will review the request and supporting documents. Board members will be selected based on the issues cited in the report and the PTSF Conflict of Interest policy.
3. A meeting will be scheduled between the hospital and a subgroup of PTSF Board members, where the request will be presented and discussed.
4. The Board panel's review and recommendation(s) will be presented to the entire Board at their next scheduled meeting to determine whether to accept the panel's recommendation¹.
5. After the Board meeting is concluded, the board decision will be shared in writing with the trauma program leadership.
6. If the hospital remains in disagreement with the final decision of the Board, the hospital may then initiate the process outlined in Policy AC-103 Appeals and Procedure on Appeals.
