

**25th Annual PTSF Fall Conference
October 13-14, 2021
E6734-22-Z**

EVALUATION/CERTIFICATE

PLEASE COMPLETE THE EVALUATION ONLY AFTER VIEWING ALL SESSIONS FOR WHICH YOU WISH TO RECEIVE CREDIT.

Evaluation of this activity is integral to the CME process. Please complete the evaluation at

<https://www.surveymonkey.com/r/E6734eval>.

This link will also be emailed to you following the conference and will be available through **November 14, 2021**. Please note that if you do not complete this evaluation through the provided link, your credit certificate issuing will be delayed. A certificate will be emailed to you within 4 weeks if the evaluation has been completed. For information specific to continuing medical education credit, call Continuing Education, at (717) 531-6483 or email ContinuingEd@pennstatehealth.psu.edu

OBJECTIVES

Upon completion, participants should be able to:

- Describe how the Foundation lives its mission, vision, and values—optimal outcomes for every injured patient.
- Describe of the direction the Foundation plans to take for the next three years.
- Explain the importance of DEI in healthcare and why it should be integrated into all facets of trauma care and trauma system development.
- Relate the statewide PTOS data has been applied to innovative research that will guide the care of injured patients into the future.
- Describe how gun violence was impacted during the COVID-19 pandemic and how trauma centers can advocate for sensible solutions.
- List the annual changes to the PTOS Data Dictionary for 2022.
- Identify Hospital Events while targeting delirium.
- Discuss how PI can be sustained in the current climate.
- Describe trauma registrars' experiences working remotely as a trauma registrar.
- Discuss hospitals' journeys in establishing a Center of Excellence in Geriatric Care.
- Review PA Trauma Registry education in 2021.

DISCLOSURE

Penn State College of Medicine is committed to offering CME programs that promote improvements or quality in health care and are developed free of the control of ineligible companies (formerly known as a commercial interests). Reasonable efforts have been taken to ensure that our programs are balanced, independent, objective, scientific, and in compliance with regulatory requirements. Faculty and course directors have disclosed all relevant financial relationships with ineligible companies, and Penn State has a process in place to mitigate any conflict of interest. Disclosure of a relationship is not intended to suggest or condone bias in a presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

Devices or drugs that are still undergoing clinical trials should not be portrayed as standard, accepted therapy. Please consult full prescribing information before using any product mentioned in this activity. If using products in an investigational, off-label manner, it is the responsibility of the prescribing physician to monitor the medical literature to determine recommended dosages and uses of the drugs.

The information presented at this CME program represents the views and opinions of the individual presenters, and does not constitute the opinion or endorsement of, or promotion by, Penn State College of Medicine. Each participant must use his/her personal and professional judgment when considering further application of this information, particularly as it may relate to patient diagnostic or treatment decisions including, without limitation, FDA-approved uses and any off-label uses.

Faculty and staff involved in the planning, teaching or review of this activity have no financial relationships to disclose relevant to the content of this activity.

Penn State Continuing Education staff involved in the planning of this activity have no financial relationships with any ineligible companies relevant to this activity.

Speakers are required to inform the program audience when they are discussing off-label or investigational uses of devices or drugs.
