

Trauma Registry Technician

The Pennsylvania Trauma Systems Foundation (PTSF) is seeking an experienced trauma registrar to support and advance trauma registry efforts throughout Pennsylvania. Key components of the position will be supporting a software transition and providing education to trauma registrars across the state of Pennsylvania.

Interested applicants must have:

- Associate's degree, health-related
- At least 3 years trauma registry experience
- Knowledge of anatomy & physiology
- Knowledge of ICD-9-CM, ICD-10-CM, ICD-10-PCS
- Ability to develop and present trauma registry-related education independently and proficiently

Preferred requirements include:

- Bachelor's Degree, health-related or in pursuit
- Certified Specialist in Trauma Registries (CSTR)
- Certified Abbreviated Injury Scale Specialist (CAISS) or extensive knowledge of AIS trauma coding
- Knowledge of PTOS and trauma registry data abstraction
- Pennsylvania Resident

Please submit a cover letter and CV or resume to Lyndsey Diehl, Director of Trauma Registry, at ldiehl@ptsf.org.
